WHAT COMPUTER EQUIPMENT IS RECOMMENDED AT TSM ?

COMPUTER EQUIPMENT

As part of your studies at TSM and in order to follow some of the courses offered during your training, the TSM IT team recommends that you have a computer with the following minimum configuration:

PC computer with Windows Operating System:

- **CPU (Intel core i5 or Ryzen AMD or higher)**
- **14",15",16",17" screen résolution**
- **OS : Windows**
- **Windows 10/11 64 bits**
- **8 Go RAM (or more)**
- **512 Go SSD Hard drive (or more)**
- **Webcam, microphone and speakers (built-in or device)**
- **HDMI video plug**
- **Integrated WIFI network card**

The purchase of a Macintosh, Chromebook or Surface Pro is not recommended due to connection conflicts with our video projection equipment and incompatibility with the Microsoft Office Education suite (Word, Excel, Power Point, etc.) offered free of charge to all students by Toulouse Capitole University and available for download here.
