## Overview

The Bachelor of Science in Global Management is a 3-year broad-based undergraduate business and management programme for a total of 180 ECTS and taught in English. It aims at training undergraduate students by immersing them in a learning environment mixing innovative teaching methods (flipped class, project-based and experiential learning) and international openness. The ethos of the BSc consists of several key ideas and values based on an entrepreneurial spirit and a concern for sustainable development. It also has a specific focus on values such as ethical awareness, rigor, a global mindset, and excellence. Thus, in addition to the teaching of core management topics, the programme leads students to quickly developing an ability to organize their learning experience, and to design an international project (through academic and/or professional mobility), to become autonomous and active learners and to be the architect of their professional project.

Over the 3 years of the BSc programme, students must spend at least a semester abroad through an international mobility in one of our partner universities or a professional mobility with an internship abroad. In the third year of the programme, students have the opportunity to put their acquired knowledge and skills into practice and to strengthen their professional experience with a 5-month internship.

During the BSc, students have two double degree opportunities:

- A double degree with Katholische Universität Eichstätt-Ingolstadt in Germany.
- A double degree with university Tor Vergata in Italy during the 3<sup>rd</sup> year of the degree course.

# 3 reasons to apply

1

100% of the training in English

2

Innovative and individualised teaching methods

3

A grouping of 20 different nationalities

## Pre-requisites

- To be eligible for admission, you must have a high school diploma equal to the highest level of secondary education (e.g., The French Baccalauréat Général, the Dutch vwo diploma, the German Zeugnis der Allgemeinen Hochschulreife, the Chinese Gaokao and at least 1 year academic education, High School Diploma in the US, etc...).
- Haven't obtained your diploma yet? You are welcome to apply if you are in the final year of your secondary education, but only if you will graduate before the start of your program at TSM (i.e., by the end of August).
- English level B2 and proficiency in Math are required
- Performance in History/Geography and Literature/Culture is essential
- No gap year is allowed for the first year

*Application is only possible in year 1: Bachelor of Science in Global Management (BSc 1).*

## Benefits of the programme

- An international training : 100% in English, one third of the students are foreigners and 2 double degrees opportunities
- A professionalizing curriculum : «learning by doing» pedagogy, student projects and professional speakers from the business world
- An innovative and individualized pedagogy: flipped classroom approach, use of adapted digital media, a small-sized class of about 55 students
- A multicultural student community: start your global experience by studying alongside colleagues from different parts of the world

## Programme Objectives

- Explain the conceptual foundations in international management
- Organise and use relevant managerial and analytical methods
- Analyze and critique management theory and practice
- Recommend ethical dimensions and implications for sustainability in management decisions
- Communicate effectively, respectfully and ethically in different settings, with different techniques and with a range of multicultural audiences
- Develop a dual mindset of inclusiveness in collective learning and autonomy in individual learning
- Use different digital tools and technologies for collaborative processes
- Design strategies to find and critically and ethically evaluate data and information to solve a given problem or perform a specific task

# tsm

Toulouse School of Management is a public school of excellence in Management within Toulouse Capitole University. It has been awarded the EQUIS (European Quality Improvement System) international accreditation by the European Foundation for Management Development (EFMD). EQUIS is renowned as a leading certification for Business and Management schools and this recognition is a testament to our dedication to excellence.

TSM combines under a single brand:

#### → TSM Education

A school that trains responsible, enterprising managers who are open to the world.

#### → TSM Research

A research unit that contributes decisively to scientific research in management and to the reflection of managers.

#### → TSM Doctoral Programme

A disciplinary doctoral school with international standards that prepares doctoral students for their future positions in the academic world or in political institutions, research organisations and private companies.

#### → TSM Alumni

A network of more than 25,000 active graduates in France and around the world to meet the needs of companies engaged in global competition.
